

ACKNOWLEDGEMENT OF DELIVERY, TRAINING & ACCEPTANCE

This is to formally acknowledge that **M/s Drones Tech Lab**, a brand owned by **Rchobbytech Solutions Private Limited** has successfully delivered Twelve (12) quantities of “Pinaka” FPV Kami-kaze Drones and associated components to **Static Workshop, Mhow, Indore**.

1. Delivery & Hand-Over

The complete hand-over of the above-mentioned drones, along with associated equipment as detailed in **Annexure-I**, was carried out successfully on 10 January 2026.

2. Training & Skill Transfer

Personnel from Rchobbytech Solutions Pvt. Ltd. conducted comprehensive FPV Drone Training – from Basics to Advanced (Warfare-Ready) for the designated personnel of Static Workshop, Mhow. The training included, but was not limited to:

- Setup and commissioning of FPV drone simulators
- Classroom-based detailed theory sessions covering FPV systems, components, safety, and operational aspects
- Provision and transfer of comprehensive FPV training manuals, flight checklists, detailed drone specification sheets, and STL files of drone components, enabling future in-house 3D printing, repair, and maintenance.
- Extensive hands-on practical training, transitioning from simulator to real-flight operations
- Complete hardware assembly training and software configuration of the Pinaka FPV Kami-kaze Drone, wherein the personnel assembled the drones themselves under expert guidance
- Subsequent live FPV flight training, including operational handling and mission-oriented flying

It is further acknowledged that out of the total Twelve (12) Pinaka FPV Kami-kaze Drones delivered, Eight (8) drones were pre-assembled by personnel from Rchobbytech Solutions Pvt. Ltd., while Four (4) drones were completely assembled by personnel of Static Workshop, Mhow, from scratch up to successful flight, under the supervision and guidance of Rchobbytech Solutions Pvt. Ltd. personnel.

3. Testing & Acceptance

All delivered Pinaka drones were thoroughly tested by the personnel of Static Workshop, Mhow, including flight trials and functional/bench checks. It is acknowledged that One (1) Pinaka FPV Kami-kaze Drone was reported as damaged during handling, as informed by the unit personnel. Necessary spares, including 3D printed components, were provided by Rchobbytech Solutions Pvt. Ltd., following which the drone has been restored and is presently operationally active.

Rchobbytech Solutions Private Limited
(Brand Name – Drones Tech Lab)

CIN: U74999AS2016PTC017381

It is additionally acknowledged that all drones were found to be in proper working condition, and the personnel expressed satisfaction with their performance and operational readiness.

4. Training & Delivery Personnel

The training, delivery, and hand-over activities were carried out on behalf of Rchobbytech Solutions Pvt. Ltd. by:

1. Mr. Prithwish Ray Chaudhuri
2. Mr. Sumit Gumtya

5. Operational Demonstration

It is further acknowledged that the Pinaka FPV Kami-kaze Drone successfully demonstrated its operational and kami-kaze capabilities during a live demonstration conducted at Mhow during ICC-38 in the presence of the **Chief of Army Staff, General Upendra Dwivedi, PVSM, AVSM**, and various dignitaries during his visit on 10 December, 2025.

This document is issued as a formal record of successful development, training, demonstration, and acceptance of the Pinaka FPV Kami-kaze Drone system.
